Dear Sir/Madam,

We, Corporate Capital Ventures Private Limited" (hereinafter referred as **CCV**), a SEBI registered Category-I Merchant Banker, understand that Zfirst Technologies Private Limited ("**Zfirst**" or the "**Amalgamating Company**") proposed to be amalgamated with Oxyzo Financial Services Private Limited ("**Oxyzo**" or the "**Amalgamated Company**") by way of share exchange. Zfirst and Oxyzo collectively referred to as the "Transacting Companies"/ "Merging Entities". As a consideration for the aforesaid proposed amalgamation, CCPS Series A1 and Series A2 of the Amalgamated Company would be issued to the shareholders of the Amalgamating Company. We further understand that Management of the Transacting Companies have undertaken valuation exercise for the Proposed Amalgamation and obtained a Valuation Report dated 05 August 2023, from Manuj Singhal, a Registered Valuer Securities or Financial Assets, with Registration No: IBBI/RV/05/2018/10425 (hereinafter referred to as "Valuer") recommending the share exchange ratio for the issuance of CCPS Series A1 and Series A2 of Oxyzo to the shareholders of Zfirst.

In this regard, CCV has been requested by the respective managements of the Transacting Companies to give a "Fairness Opinion Report" on the share exchange ratio for the Transacting Companies.

CCV has not undertaken the valuation of the Transacting Companies. The valuation exercise for the Proposed Scheme has been done by Manuj Singhal. We have examined the Valuation Report dated 05 August 2023 submitted by Valuer to the Transacting Companies. We have not independently checked or verified the assumptions made by the Valuer.

We have reviewed the historical financial and business information of the Merging Entities and certain comparable companies and other relevant information from publicly available sources, and have taken into account such other matters as we deemed necessary including our assessment of general economic, market and monetary conditions.

For arriving at the opinion, we have:

- Perused the Valuation Report issued by the Valuer
- Received and reviewed certain explanations and additional information provided by the representatives of the Merging Entities

- Reviewed the Proposed Draft Composite Scheme of Arrangement
- Reviewed the Audited Financial statements for FY 2022 and 2023.

In addition to the above, we have had discussions with the officials of the Merging Entities on the past and current business operations of the businesses concerned. Further, we have had discussions with the Merging Entities and the Valuer on such matters which we believe are necessary or appropriate for the purpose of issuing the Fairness Opinion Report.

We assume no responsibility for the legal, tax, accounting or structuring matters including, but not limited to, legal or title concerns. Title to all subject business assets is assumed to be good and marketable and we would urge the Transacting Companies to carry out an independent assessment of the same prior to entering into any transaction, after giving due weightage to the results of such assessment.

For the purpose of the Valuation and recommending the share exchange ratio, considering the nature, stage, and size of the business and keeping in view the necessary regulatory guidelines, the Valuer has utilized the Income Approach to determine the fair value of equity shares of Zfirst and Oxyzo which we find are an appropriate methodology for the purpose of issuing the Fairness Opinion Report.

As per the valuation report dated 05 August 2023, the share exchange ratio identified by the valuer is as mentioned below:

"533,208 0.0001% non-cumulative non-participating non-voting compulsorily convertible preference shares Series A1 ("CCPS Series A1") of face value INR 10 each fully paid up of Oxyzo for every **2,681,062** equity shares of face value of INR 10 each fully paid of Zfirst for the amalgamation of Zfirst into Oxyzo".

"212,789 0.0001% non-cumulative non-participating non-voting compulsorily convertible preference shares Series A2 ("CCPS Series A2") of face value INR 10 each fully paid up of Oxyzo for every **1,069,938** equity shares of face value of INR 10 each fully paid of Zfirst for the amalgamation of Zfirst into Oxyzo".

On the basis of and subject to the foregoing, to the best of our knowledge and belief, it is our view that, as of the date hereof, the proposed share exchange ratios set out above are fair, from a financial point of view.
