¹ The letters 'PP-MLD' prefixed to a rating symbol stand for "Principal Protected Market Linked Debentures". According to the terms of the rated instrument, the amount invested, that is the principal, is protected against erosion while the returns on the investment could vary, being linked to movements in one or more variables, such as equity indices, commodity prices, and/or foreign exchange rates. The rating assigned expresses ICRA's current opinion on the credit risk associated with the issuer concerned. The rating does not address the risks associated with variability in returns resulting from adverse movements in the variable(s) concerned.
